I've just tested for you_____straps on Speedy P (40 pics)ro

Hi everybody, just thought it was useful to have some pics with various straps on the Speedies Pro...in case you want to choose a type/colour...

I put in the type/brand/colour and also the size (lugs and buckle).
Hope it helps...

The watches I used for (from L to R in the first over view pics):

- CK_2998 from 1961 on a NASA style velcro strap
- 105_003 from 1964 on a buffle "antique" brown strap (20/18)
- 145_012 from 1967 on a perforated light brown leather strap (20/18)
- 145_022 from 1969 (the last two ones) one on a chocolate Louisiane alligator Atanoff in 20/18 and the other on a black Louisiane alligator Atanoff in 20/16

Overall views:

Light brown perforated buffle in 20/18

The same in black

Alligator Louisiane noir grande ecaille Atanoff 20/16 mm(150-170 Euros)

Chocolate Louisiane alligator white stitching in 20/18

Nautical buffle aviation style in 20/18

Black military style in 20/16

"Antique" brown buffle in 20/18

Black buffle in 19/16

Nautical buffle Morellato in 20/18

Brown buffle white stitching Atanoff in 20/16

Light brown goat in 20/16

Black buffle white stitching in 20/18

Nautical buffle "honey" colour white stitching in 20/18

Black buffle white stitching "Breitling style" in 20/18

Omega croco medium brown matching stitching in 19/16

Brown buffle white stitching "old style" in 20/16

Atanoff buffle in light brown 20/16

Velcro "NASA style"

Have a nice day !

K.

The answer is of course yes. The problem becomes: How? -
